

Mandatory Blood Parameters List

Please measure all mandatory blood parameters from the list ideally at the same time or maximum 10 days apart. The measured blood parameters shall be in SI (International System of Units) or CONV (Conventional) units. If not, please perform appropriate conversion when entering the value of the parameter in the mySmartBlood app.

Hematology

Leukocyte count

Erythrocyte count

Hemoglobin

Hematocrit

Mean Corpuscular Volume

Mean Corpuscular Hemoglobin

Mean Corpuscular Hemoglobin Concentration

Erythrocyte Distribution Width

Thrombocytes count

Mean Platelet Volume

Sedimentation Rate

Lymphocyte count

Monocyte count

Neutrophils count

Eosinophils count

Basophils count

Lymphocyte %

Monocyte %

Neutrophils %

Eosinophils %

Basophils %

Protein and amino acid analysis

Ferritin

Proteins Total

SPE Albumin

C-Reactive Protein

Biochemistry

Magnesium

Glucose

Urea

Creatinine

Bilirubin Total

Bilirubin Direct

Iron

Potassium

Uric acid

Sodium

Chloride

Calcium

Phosphate

Iron-Binding Capacity Total

Enzymes

Amylase Total

Lactate Dehydrogenase

Creatine Kinase

Lipase

Alkaline Phosphatase

Alanine Aminotransferase

Aspartate Aminotransferase

Gamma-Glutamyltransferase

Lipids

Cholesterol Total

Triglycerides

HDL Cholesterol

LDL Cholesterol

Hemostasis

Prothrombin International Normalized Ratio
